Made with care in Australia. Oliver the owl and Mira the fox are from our gentle picture book *Oliver and the Lantern Path*.

# Teaching Tips for Grown-ups

Core Skills Studio · Lantern Path Books

---

A few simple ways to help your child get the most from this workbook. Little and often works best, ten quiet minutes a day beats an hour once a week.

## The fastest way into the times tables

**Little cheat:** skip counting is the shortcut. Practise out loud in each step, first 2s, then 5s, then 10s, then 3s, then 4s. Once your child can rattle off “3, 6, 9, 12, 15...” they have learned the 3 times table. The multiplication facts are just those same numbers.

And the order does not matter:  $3 \times 5$  is the same as  $5 \times 3$ , so learning one fact teaches two.

## Bonds to 10 grow up

If your child knows  $6 + 4 = 10$ , then  $60 + 40 = 100$ . The pairs that make ten work for bigger numbers too.

## Spelling patterns

Many words share a spelling pattern (light, night, bright all use ‘igh’). Point out the pattern once and your child can spell the whole family.

## Handwriting a sentence

A sentence starts with a capital letter and ends with a full stop. Leave a finger space between words.
